Subject: Proposed Amendments to Chapter 3 of FPIF Rules

Date: April 11, 2025

Attached are proposed amendments to Chapter 3 of FPIF Rules. These changes aim to improve efficiency and clarify procedures by:

- Eliminating the requirement for the Election Panel to meet within seven days of the petition filing deadline to determine the initial slate of candidates.
- Allowing candidates to withdraw their candidacy in writing, without requiring adherence to a process prescribed by the Election Panel.
- Clarifying that the Election Panel's certification of election results becomes effective only after the Election Date.
- Clarifying that no Board action is required to accept or approve the Election Panel's certification of election results.

Election Panel Deadlines

Under current rules, the Election Panel must meet within seven days of a petition filing deadline to determine the initial slate of candidates. When filing deadlines for different trustee positions vary by more than seven days, this requirement forces the Panel to hold multiple meetings.

The proposed change provides the Election Panel with scheduling flexibility, allowing it to consolidate its meetings. This adjustment streamlines the process for examining petitions, addressing candidacy challenges, and finalizing the slate of candidates.

Withdrawal of Candidacy

Currently, candidates must withdraw by submitting written notice in a manner prescribed by the Election Panel. The proposed change eliminates this requirement, allowing candidates to withdraw simply by submitting written notice.

Certification of Election Results

Under current rules, if the number of candidates filing conforming petitions does not exceed the number of open positions, the Election Panel certifies the election. The proposed change clarifies that this certification is only effective after the official Election Date.

Reading of the Election Results into the Board Record

Currently, the Board is required to read election results into the minutes of the first meeting following the certification. The proposed change clarifies that this step is procedural and does not require Board approval or action.
